- ❑ Chairman – Kottayam Branch of ICAI

CPA Australia (Certified Practising Accountant) is a professional accounting body in Australia, it has 168,736 members in 150 countries and regions around the world. CPA Australia is a professional certification offered to individuals validating their credentials in the field of finance, accounting, and related business.

As a member of ICAI we get 11 exemptions from 12 papers of CPA Australia.

The paper GSL is a masterly crafted Paper with outstanding online coaching content. We can write Exam at home under “Proctored” mode or at any centres across India.(KOCHI is a centre)

For an ICAI member, we need to be a Graduate (IGNOU B Com is not recognised- for those having this 5 years experience will get them exemptions). Process is simple, contact CPA australia helpdesk person(My support was provided by Ms Priyanka Talwar), upload certificates, marklists in high quality colour mode along with Good Standing Certificate. In a fortnight’s time, assessment will be complete and those successful will get a preliminary membership ASA(CPA AUSTRALIA).

GSL is the only paper that an ICAI member with requisite credentials need to clear. It is a beautifully “designed” paper spread over 7 modules. It makes complete picture of the world of business and role of an accountant in taking leadership role. This probably explains why about 28,000 of CPA members are perched at top of Business houses across the world. The support for studies is impeccably placed online with video sessions, quizzes, mock tests.

In the fast changing business scenario in India, CPA Australia qualification for an ICAI member is highly desirable.

Hope our members will utilise this opportunity
